Features

- Used with threaded fasteners (for example, a bolt or a nut)
- Used to prevent the fastener from loosening, caused by vibration
- External serrations effectively ‘bite’ into the fastener and substrate surfaces as the fastener is tightened
- The bright zinc plated (BZP) finish offers resistance against corrosion
- Conforms to DIN 6798A specifications

RS PRO Steel External Tooth Washers - Bright Zinc Plated (BZP)

RS Stock No.: 2874187

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

External Serrated Washers

Product Description

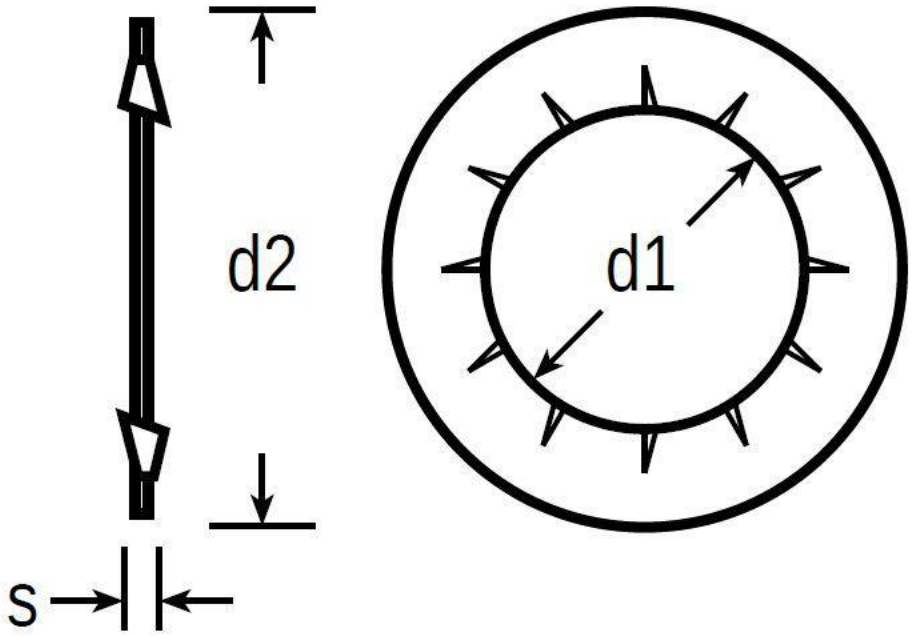

- *Used with threaded fasteners (for example, a bolt or a nut), external serrated washers are typically used to prevent the fastener from loosening, caused by vibration. The serrations are situated on the external circumference, and effectively 'bite' into the fastener and substrate surfaces as the fastener is tightened. The bright zinc plated*
- *(BZP) finish offers resistance against corrosion. These washers conform to DIN 6798A specifications.*
